- You have the right to make a complaint. Speaking up will help **protect your rights as an individual.**
- Cheshire Ireland will **listen, respond and resolve** your complaint or feedback as best we can.

Supporting You to Speak Up

What is a complaint?

A complaint is something that you are unhappy with in the service you are being provided or the place that you are living in.

There are many different areas that you may wish to complain about. You can complain about something that you want to stop. You can complain about something that didn't happen or something you would like to happen better.

What is feedback?

Feedback is your opinion on an activity or service that has been provided to you. Feedback can be either positive or negative. Feedback can express satisfaction or dissatisfaction with the service or just an observation you may like to make.

Some examples of things that you could complain or provide feedback about:

- The physical environment
- Quality of food
- How care and support is provided
- Privacy
- Choice
- Your personal safety
- How you are treated
- Your rights

How do I make a complaint or provide feedback?

The first step is to talk to any member of staff (for example Care Staff, Senior Care Worker, Nurse, Lifestyle Facilitator, Service Manager) who will do their best to resolve the problem.

You will be provided with a private area to allow you to discuss your concerns with the staff member in a confidential manner.

You have the right to have an advocate with you when making your complaint and at all times throughout the process.

You can make your complaint verbally to a staff member or use the **Complaint and Feedback form** to make your complaint in writing.

If you do not want to make your complaint locally, you can contact the Regional Manager or the Service Quality Officer in your region.

When should I complain?

While there is no time limit for making a complaint, we would encourage you to report your complaint to a staff member as soon as possible following the incident. All complaints will be taken seriously and looked into. To ensure your complaint is resolved appropriately, you are encouraged to speak up within the shortest possible timeframe.

How will my complaint be dealt with?

Your complaint will be investigated thoroughly and dealt with confidentially.

Step 1

Your complaint will be **resolved in the first instance at the local level**. This is done through discussion and negotiation with all people involved. Your complaint will be recorded on the **Complaint and Feedback form** along with the actions taken to resolve your complaint. This is a requirement of the HSE.

Step 2

If your complaint requires further investigation, this will be done by the Service Manager and we call this step the **preliminary enquiry**.

Step 3

If the complaint is not resolved at this time, a **formal investigation** will take place.

Cheshire Ireland will endeavour to resolve all complaints within 30 working days. If it takes longer to look at all the issues raised in your complaint, we will contact you and keep you informed of our progress.
